COMMUNITY DEVELOPMENT

Themba Travel comes alongside non-profits to help in the community. Whether it is providing skills training so that individuals become social entrepreneurs, providing blankets in the cold winter months, these are only a few of the community development projects we are involved in.

Youth development is one of our passion programs where we assist, train, equip youth to become leaders in their communities through media and radio.

VOLUNTEER SUPPORT

We have an amazing group of volunteer supporters for all of our projects. Your project coordinator will inform you on what to expect, how to use your skills and how to engage with the locals. From the moment you are picked up from the airport to the day you say 'goodbye', they will love you.

We cannot wait to meet you!

WHAT YOU NEED TO KNOW

PEOPLE

Right from the start you need to know that what we do at TT is about the people, for the people. We serve the people and want to improve their lives. Your life matters to us and we want to serve you well.

PROCESS

Give yourself enough time to prepare your trip. Allow 4-8 weeks to plan your journey. We are happy to do this with you.

3 TYPES OF PROJECTS

EDUCATION

We work with pre-schools for children between the ages of 3-5 years old. These young vulnerable children are given a great start at an Early Learning Centre in their communities. Young at-risk teens get a second chance at the School of Hope to complete high school.

HEALTH

Our community initiatives takes health care to the most vulnerable. Health care projects are equipping mothers to nurture their newborns, providing care for those who cannot reach the local clinics.

LOCATIONS IN CAPE TOWN

All our projects are located in Cape Town East which includes the Helderberg, Overberg (Grabouw) and Cape Winelands (Stellenbosch and Paarl)

ACCOMMODATION

Your chosen project will depend on the type of accommodation. We offer accommodation close to the beach, in the Cape Winelands and also in the Overberg mountains which includes breakfast (continental).

Different types of accommodations can be in a 2/3star dormitory-style, self-catering or Backpackers.

In most cases, your project will not be too far from your accommodation.

Access to local amenities will be in walking distance and in other cases we will provide transport.

PROJECTS START DATES

Projects start every second **Tuesday** of the month. Your first day will be an Induction to inform you on how things will run during your stay. Volunteers work Mon-Friday with the weekend for themselves.
